## **Introduction:**

In today's time every moment many people are making plans to travel across the world for personal and professional purposes. Earlier people used to travel for religious, ethical, safety etc. but as time changes the mind set of people is changing. Now people are travelling to explore, rest and pleasure. The travel plans can be shorter or longer holidays and they are organized by tourism industry [1]. The travel industry is one of the greatest developing enterprises on earth and its authority seems secure if the present rate of development is kept up by World Tourism Organization (WTO, 2010). This likewise incorporates the People, who are in charge of giving administrations, security, direction, confirmation, and association to the voyagers, by working at the front or at the back.

At the point when Tourists go starting with one spot then onto the next and come to home, they give commitment in this industry. With a venture of even a solitary rupee, the industry is starting increasingly more business plans or offers, on an extensive scale. A portion of the businesses or associations that add to the travel industry are Ministry of External Affairs for international ID documentation, departments for visa support, Travel Agents, Transport Services, Airport Authorities, Central Industry Security Force (CISF), Immigration office, Receptionist/Front Desk, Porter and so forth [2]. This is the explanation behind why, rather than a division, the travel industry is being considered as an industry. Be that as it may, the travel industry, as said prior, is of different kinds. Here, focus is on various tourisms across Rajasthan. Section-I provides us overview of tourisms existing in India at present. Further the tourisms in Rajasthan are listed. Though, Section-II portrays about dark tourism, educational

tourism with their definition and existence in Rajasthan. After that, in Section-III provides the problem faced by the above mentioned tourisms.

### **I. Overview of tourism in India:**

At whatever point we consider India, the photos of Temples, Forts, splendid hues, Festivals, and rich culture come into brain. In India, the travel industry is considered as a quickly developing industry on the planet, which additionally gives its commitment to the economy of the nations from and to, the vacationers travel. India is a visitor heaven due to its rich legacy, religious spots, historical centres, snow-topped mountains, and upbeat celebrations. Visitors travel with the energy of investigating another spot and for entertainment, experience, religious and instructive purposes. In spite of the fact that, there are numerous impacts that make vacationers go starting with one spot then onto the next. These impacts are viewed as "Helpers". Inspirations can be Physical, Interpersonal, Prestige type, Educational and Cultural, identifying with Relaxation, meeting new individuals, individual regard and finding out about ways of life at various areas, separately. [3] Basically, the travel industry is of Domestic, Outbound and Inbound structures and is of different sorts. A portion of the sorts are Cultural Tourism, Religious Tourism, Dark Tourism, Adventure Tourism, Beach Tourism, Business Tourism, and so forth. This paper centres around dim the travel industry rising in India, the issues looked by it at present and the plans, by executing which the situation can be made increasingly amazing. There are various tourisms in Rajasthan some are listed and explained in the next section.

List of tourisms in Rajasthan:

- i. Educational Tourism
- ii. Dark Tourism

### **II. Educational and Dark Tourism in Rajasthan:**

**I. Educational tourism in Rajasthan:** Education alludes to members' encounters of formal, capability based and off-work ponders (Mallon and Walton, 2005, p.473). Instruction is best owing or securing of information; mental or moral preparing; development of the psyche, sentiments, and habits. Getting data and uplifting recommendations which cause the person to think and act along appropriate lines Jones v Better Business Bureau, 123 F. 2d 767 (1941; US Court of Appeals, tenth Circuit). A key procedure of realizing which is gone for getting ready either for life when all is said in done or for an extensive reason, for example, a specific calling or exchange, and is in any occasion without a quickly utilitarian centre (Vancouver Society of Immigrant and Visible Minority Women v. M.N.R., [1999] 1 S.C.R. 10; additionally at 169 D.L.R. (fourth) 34). "Instruction ... implies every one of those procedures developed by a given society as a method for the acknowledgment in the people of the standards of the network all in all." There are 3 E's involved in educational tourism. [4]

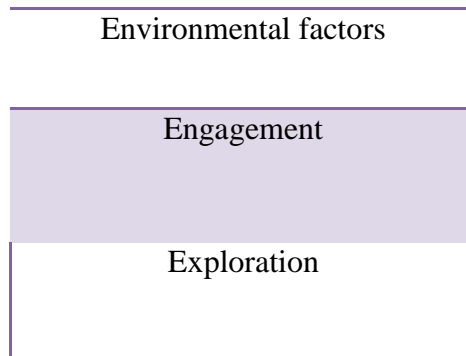

Table 1. Education Tourism

In a work by **Anukrati Sharma** on education system in Haduati and Rajasthan following points were covered such as significance of Education the travel industry at Haduati and Shekhawati districts of Rajasthan. It was recommended to provide a model of coordinated casual instruction with formal training. A requirement to acquire light a pathway of International joint effort for encountering and finding out about which is yet unexplored. Education tourism the travel industry is more about societal improvement as opposed to monetary advancement. Truly, obviously, it in a roundabout way gives a lift to the monetary status of any nation. As members visit starting with one spot then onto the next they remain on the goal. In the entire procedure, individuals are getting work and business openings.

**II. Dark Tourism in Rajasthan:** There is no uncertainty that an individual is affected by social and social exercises or happenings. A traveller may get convinced and one's impression of heading out may identify with one's view of the World. In any case, there are such a significant number of things or individuals, from whom an explorer escapes and these motivations fill in as inspirations to travel a specific spot. The earth and different exercises make an individual what he is. Not in any case two people have the equivalent mental acknowledgment of a person or thing. At the end of the day, an individual's interest relies on the sort of conduct and astuteness that one conveys. Some haunted places in Rajasthan are listed below:

- (i) "Bhangarh Fort" in the territory of Rajasthan, worked by Man Singh, is the most spooky and creepy spot in India as it is viewed as reviled by a mystical performer. Heading off to this spot after nightfall is carefully denied [5].
- (ii) "Kuldhara" is a spot, again in Rajasthan where it is said that 83 towns lost their reality in only one night. This spot is viewed as reviled by the residents and there's nobody living there right now [5] [6].

### III. Problem Faced by Dark Tourism and Educational Tourism:

There are certain problems faced by dark tourism [7] and are listed in a table 1.

S.no.	Problem faced by Dark Tourism	Problem Faced by Educational Tourism
1.	<b>Absence of Promotion:</b> The primary issue looked by dull the travel industry in India is a low exposure level. 2.	<b>The absence of Tourist administrations at goals:</b> Because, just a couple of individuals think about this class of Tourism, many travel offices or associations are not ready to give legitimate administrations to the guests. This influences the sightseers to don't visit the spot once more.	Absence of gifted work force to give preparing and down to earth exposures to the members. Absence of individuals who are knowledgeable with unknown dialects.
3.	<b>Inappropriate Maintenance of Dark Tourism Sites:</b> All the Dark Spots should be kept up appropriately regarding appearance, tidiness, and so forth. Be that as it may, because of ignorance of these spots, there is no appropriate support of spots.	Absence of money related associate to run Educational visit programs.  No marking and advancement of the visitor goals of the districts.
4.	<b>Low Accessibility Status:</b> As these spots are not broadly known, there isn't any legitimate system made to access to these spots. Due to the low status of openness towards these spots, the voyagers can't serenely get to every one of the spots they wish to.	Absence of masters will's identity ready to sort out the instructive visits. Absence of courses and preparing project of the travel industry at the Universities level

#### IV. Conclusion:

In our work a brief overview of work done by different researchers on educational and dark tourism is provided. We have a summarized knowledge of these tourisms in Rajasthan. There can be solutions to the problems faced by these tourisms and much other tourism can be explained of other states. This paper concludes that a state like Rajasthan which is very wealthy as far as legacy, landmarks, step wells, fresco works of art, posts, royal residences and sanctuaries a large portion of these are situated in town territories .Therefore, it is a prime time need to focus on the tasks and procedure of training the travel industry. In this way, the work will create at these zones and the shrouded fortunes will be investigated. Not exclusively will this instruction the travel industry build up the talented labour. Similarly for dark tourism taking lead from studies

and talks, new plans and executions will be worked upon that might be embraced at government, organization or individual dimension to advance the idea of Dim The travel industry in future also on present situation .
